Get a good look under the hood of Benchmade's 2025 SHOT Show special, the limited edition 56PL-2501 Mini Freek®. Inspired by the pairing of amethyst and topaz gemstones, this robust EDC features a drop-point CPM-M4 blade with a custom Cerakote® Amethyst finish and transparent Amber ULTEM™ handle scales, a premium high-performance polymer with incredible strength and rigidity. Let the light shine through the rough-hewn finished handle and illuminate a bold, beautiful, and one-of-a-kind Benchmade folder for hardcore EDC enthusiasts and knife collectors.
