Pressure Device (1x)

PN: P-MED-TQ-4-WH

Full Size Chest Seal (1x Twin Pack)

PN: P-MED-CHESTSEAL-2

The Micro Trauma Kit NOW! - PLUS+ is a medic kit that is more than just an expanded version of the popular MTKN. In order to replace the proprietary mini trauma dressing and compact chest seals of the MTKN with full size components, the BFG design team reshaped the outer pouch and inner shingle to offer the most streamlined package possible. The PLUS+ medical pouch comes in ESSENTIALS, PRO and ADVANCED fill levels. The MTKN-PLUS+ is available with a MOLLE med kit mount.

Designed primarily for First Responders, the PRO version is equipped to bridge the time gap between injury and arrival of advanced medical providers. Paired with a tourniquet, the PRO kit allows for treatment of the most common life threatening traumatic injuries with a minimal amount of training. *Proof of medical authorization required for purchase due to restricted medical contents*
