

The First Low-Profile Goggle Specifically Designed For Asian Faces

The **ESS Asian-Fit Profile™** is the only compact military/tactical goggle system specifically designed to contour Asian faces. The **Asian-Fit Profile™** has all the advantages of a low-profile, night-vision compatible frame, without sacrifices in dust filtration, field of view, impact protection, or anti-fog performance. Includes two Asian-Fit high-impact lenses (Clear & Smoke Gray), a protective soft case and an anti-reflective **SpeedSleeve™**.

Pat. #US D510,378 S

Lenses

- Newly-designed Asian-Fit Lenses feature a flatter lens curve
- Clear & Smoke Gray 2.8mm polycarbonate high-impact Asian-Fit lenses included
- Lenses feature ESS's advanced **ClearZone FC™** anti-fog & anti-scratch lens coatings
- Lenses are highly impact resistant, and exceed the U.S. Military's .22 caliber ballistic impact test MIL-V-4351 I C
- All lenses provide 100% UVA/UVB protection & precise optical clarity for distortion-free vision
- **ESS Modular Technology™** allows all lenses to be quickly & inexpensively interchanged

Strap System

- 35mm-wide, high-memory elastic strap system features quick-adjust slides
- **ESS Outrigger™ Strap System** offers optimal helmet compatibility

Frame

- New Asian-Fit low-profile frame design is compatible with night vision systems
- New molded face foam conforms to fit Asian faces
- Full-perimeter ventilation & filtration system prevents lens fogging while filtering out airborne particles, dust & splashes
- Includes anti-reflective **SpeedSleeve™**, which eliminates lens glint and keeps the goggle & lenses clean & scratch-free

Rx Insert

- Prescription lenses can be fit by any optometrist into the **P-2B™ Rx Insert**, which installs inside the goggle frame
- The **P-2B™ Rx Insert** is also compatible with **ESS ICE™ Eyeshields**

Full compliance with the following standards and regulations:

- ANSI Z87.1-2003+
- US MIL-V-4351 I C
- US Federal OSHA standards
- CE EN 166 (B)

HIGH ADRENALINE EYE PROTECTION™
