

## MULTIPURPOSE PLIERS

Inspired by our best-selling multipurpose tool, the Curl combines Leatherman's classic design with practical features. The outside-accessible, locking knife blade makes cutting through jobs a breeze. The spring-action scissors are great for trimming various types of materials and the bit driver gives you custom capability when paired with our Bit Kit. The 15 different tools fold down to a compact, four inch package that stows away easily with the removable pocket clip.

# 15
