

BX-3 ALPINE HD

The BX[®]-3 Alpine[®] HD is built for hunters who go farther, glass longer, and seek optical performance that outworks its price.

Designed around our Elite Optical System, the BX-3 Alpine HD maximizes light transmission for bright, edge-to-edge clarity and a wider field of view. It features a rugged, lightweight magnesium chassis with durable armored texture for an easy, natural grip in all conditions.

Like all our optics, the BX-3 Alpine HD is waterproof, fogproof, and guaranteed for life.

KEY BENEFITS

Lightweight strength via a magnesium chassis that delivers a lighter, stronger build for demanding terrain

Bright, edge-to-edge clarity from our Elite Optical System that enhances light transmission, expands field of view, and delivers sharp detail across the image

All-day comfort and fit achieved with Interchangeable Form-Fit eyecups that help reduce glare and eye strain during long glassing sessions

A confident grip ensured by an ergonomic design with enhanced armor texture for secure handling in all conditions

Clear in all conditions maintained with a Guard-ion lens coating that sheds dirt and water for a crisp, unobstructed image

Waterproof, fogproof and guaranteed to perform for life
