

DIGITAL TACTICAL 100

SUPPRESSES HARMFUL GUNSHOT NOISE WHILE AMPLIFYING LOW-LEVEL SOUNDS USING PROPRIETARY 3M TECHNOLOGIES.

KEY FEATURES

- ▶ Adaptive Frequency Response reduces background noise for clearer conversations and hearing of commands
- ▶ Variable Suppression Time feature provides optimal echo reduction in indoor shooting environments

ADDITIONAL FEATURES

- ▶ Audio mixing allows listening to input device plus ambient sounds
- ▶ Separately control ambient and input device levels
- ▶ 2-hour auto shut-off conserves batteries
- ▶ Runs on 2 AAA batteries

Soft ear cushions

- ▶ Conformable for tight seal
- ▶ Durable material
- ▶ Removable/replaceable design

Low-profile cup

- ▶ Ideal for rifle/shotgun use

Single On/Off Volume Control

- ▶ Separate volume control for audio mixing between input device and ambient sounds

3.5 mm Audio Input Jack

- ▶ Compatible with MP3 players and 2-way radios
- ▶ Recessed for durability
- ▶ Limited to a safe 82 dB input sound level

Padded headband

- ▶ Redesigned shape for improved comfort
- ▶ Durable material
- ▶ Adjustable height

Tethered battery door

- ▶ Easy to access
- ▶ Quick and easy battery replacement

Recessed microphones

- ▶ Durable design
- ▶ Reduces wind noise
- ▶ Delivers high-fidelity sound
