

SIGHT MARK®

ENHANCE YOUR VISION

PRODUCT COMPARISON

The Wraith 4K Mini 2-16x32 Digital Riflescope combines Sightmark's rugged quality with ultramodern technology to deliver the finest day/night riflescope known to the firearms industry. Boasting an incredible 4K (3840x2160) CMOS sensor, the Wraith 4K Mini detects objects up to 300 yards in the darkest of nights and displays them on a flawless 1280x720 FLCOS screen. Its built-in recorder takes AVI videos with audio in 1080p and/or 4K resolution, ensuring every shooting memory is captured and preserved in incredible detail.
