

SIZING CHART EP3 Sonic Defenders®

The sizes—small, medium, and large—refer only to the outer earpieces that fit in the ear's concha bowl and help hold the EP3 in place. Proper EP3 size is based on the dimensions of your ear's concha bowl. Medium fits most people.

For those with larger ear canals, the EP4's three-flange stem may provide a better fit than the EP3's two-flange stem.

- Small = Concha bowl height less than 1"
- Medium = Concha bowl height 1"
- Large = Concha bowl height greater than 1"
