

# CROSSFIRE® HD

## SPOTTING SCOPES

### ELEVATOR PITCH:

The Crossfire® HD family of spotters delivers the powerful hunting tool you've been waiting for with the proven performance and reliability you expect from a Crossfire®. Its wide field of view is perfect for chewing up ground in any environment. The Arca-Swiss compatible foot means out-of-the-box, mount-and-go convenience on most tripods. Delivering a variety of magnification options for any hunt, now your first spotter could be the last spotter you ever need.

### WHY DID WE MAKE A CROSSFIRE® HD LINE OF SPOTTING SCOPES?

To provide hunters and shooters with the advantage of having a spotting scope for scouting and at the range. Delivering a variety of magnification options to match their needs, these spotters don't compromise on performance.

### WHAT ARE THE TOP USES FOR THIS PRODUCT?

Hunting and shooting.
