## FASTER TO TARGET. FASTER TO THE PODIUM.

Other red dots are made for competition. The Defender-XL™ is built to win. Target to target. Stage to stage. The ultra-wide sight window enhances field of view, delivering quicker target acquisition, faster, more accurate follow-up shots, and greater flexibility in unconventional shooting positions. Motion activated. Constructed to withstand unexpected drops and the rigors of dynamic shooting. Combined with a bright, adjustable dot, it adapts to any lighting conditions and helps reduce eyestrain in long duration events. Positioning you to dominate every round with smooth, uncomplicated operation, the Defender-XL™ elevates your game, securing your path to victory.
