

FLIR RECON M24

MONOCULAR BRIDGE SYSTEM

PRODUCT OVERVIEW

The Wilcox FLIR[®] Recon M24 Adapter provides the operator with a helmet mounted hands free solution, for the FLIR Recon M24 Thermal. Ideal for surveillance and overwatch situations, this adapter adds versatility to the M24 providing the end user with optional mounting solutions. The two piece design easily disassembles for left or right eye configuration and PD Adjust Lock Knob provides an exact fit of the of Recon M24 to the eye with a simple adjustment. Aluminum construction for increased durability over currently fielded products and each mechanical adjustment is durable and ergonomically positioned.

FEATURES & BENEFITS

- Modular Dovetail & Horn Interfaces accommodates all ground NVG mounting solutions
- Lockable adjustment stops for inner pupil distance on left or right eye
- Push to release button easily releases the M24 monocular from the adapter.
- Dovetail style connection from monocular body to the adapter provides a proven solid connection
- Allows the thermal to maintain a flat low profile when stowed

SPECIFICATIONS

Dimensions:	2"L x 2.5"W x 1.5"H
Weight:	.16 lb (2.5 oz)
PD Adjustment:	.47" of travel
Material Construction:	Light Weight Aerospace Grade Aluminum & Polymer

Available Colors: -B

PRODUCT DESCRIPTION	PART NUMBER
FLIR RECON RIGHT ARM KIT	61300G10
FLIR RECON M24 RIGHT ARM	61309G01
FLIR RECON M24 SHOE	61310G01
